

McCanns
CONCRETE PRODUCTS LTD

HOMEBUILDER

“When we started to build our new home we had very little idea about what materials to buy, let alone who to buy them from. Our builder recommended McCanns for Sills, Lintels, Kerbs etc. and I am pleased to say that it was the best bit of advice that we got.”

Private Builder, Dr Eugene Haigney.

Helping you Build your Perfect Home

Dear Homebuilder,

We understand that you intend carrying out building works in the near future.

We as your local company, would appreciate the opportunity to quote for the supply of products which you may require for your construction. We use high quality raw materials to produce an excellent product with a good finish, ensuring your new building reflects style and character. We believe the personal touch and attention to detail is reflected in our extensive range.

From the details overleaf you can get a feel for the products we supply and should you require any further information, please do not hesitate to give us a call.

Our friendly staff will be pleased to deal with your request and provide a quotation.

Yours faithfully

Martin McCann

Owner/Production Manager

Homebuilder

Below is an easy to follow summary of our extensive product range. Over the past 40 years, the McCann family have been dedicated to giving their customers the personal touch, quality products and excellent customer service. If you have a special feature you want to discuss, our team is ready to offer professional and friendly advice.

Quoin stones

Quoin stones are finished to a high standard, an added feature which will give your house that added touch of class.

Sills available are

Standard Sill 55mm Face
Deep Sill 90mm Face
Brick Sill 57mm Face
Light Joinery Sill 45mm Face
Deep Joinery Sill 100mm Face (shown)

Lintels available are

140x100 Lintel
215x100 Lintel
150x150 Lintel
215x150 Lintel
215x215 Lintel (made to order)
Boot Lintel 150mm (shown)
Boot Lintel 215mm
Arch Lintels (made to order)

Our lintels are precast concrete and can be used where fair faced lintels are requested due to the quality finish. The range we carry is vast, to suit all types of construction.

Oil Tank Stand

We have designed our unique oil tank stand to suit either a 300 or 600 gallon oil tank. We can supply the tank stand to whatever height you require. The tank stand can be easily moved at any time. We understand when building your home you may want to place your oil tank safely in a temporary position until construction is completed.

Kerbs available are

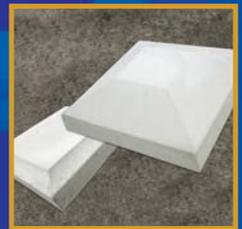

200x100 Bevelled edge Kerb (shown)
(Available in 900mm and 300mm length's).
150x75 Bevelled Edge Kerb
150x50 Flat Top Kerb
150x50 Round Top Kerb
380mm Dwarf Wall

Pillar Caps

In our pillar cap range we have three different types; the original saddleback pillar cap, a slim line flat top pillar cap and our new deep flat top pillar cap. The pillar cap range is available in various sizes.

We strongly recommend that customers select their pillar caps before they build their pillars, to ensure it is exactly what they want.

Wall Coping

The wall coping range comprises of the original saddleback, the one - way coping which tapers from 75mm to 50mm and the new flat top coping with a small radius as

shown. Our pillar caps compliment our copings so if you need help, please give us a call.

D-rail posts are available in the sizes below

The fence shown is a 5'6" post and provides an excellent finish around any home.

Imperial 4'6", 5'6", 6'6", 7'6" (4x4), 7'6" (5x5).
Metric 1350, 1650, 1950, 2286 (100x100), 2286 (125x125)

Water Channels

We have two types of water channels, the closed slotted channel 175 x 175 and 250 x 250.

We also have the open channel 200 x 100 and 150 x 75.

The water channels are excellent for removing water from your yard or driveway.
